

LAW 801

Acquisition Law

DoD policy now mandates that the acquisition process be conducted through Integrated Product Teams (IPTs). The employment of IPTs in the acquisition process has resulted in the involvement of many noncontracting government personnel. This course provides an overview of government contract law to students from the various acquisition disciplines. LAW 801 also provides useful knowledge of the laws and regulations specifically applicable to government contracts.

Objectives: Students who successfully complete this course will be able to:

- apply various laws and regulations applicable to the government contracting process; and
- comprehend the legal significance of the contents of the contractual instrument and actions taken by those involved in the acquisition process.

Who Should Attend: This is a continuing education course for Level I certified personnel who are either not required to take CON 210 or who completed CON 210 more than 5 years ago.

Prerequisite: None

Length: 4½ class days

Method of Delivery: Resident/Local

PDS Code: JHH

LOG 101

Acquisition Logistics Fundamentals

Acquisition Logistics Fundamentals provides a broad overview of the role of acquisition logistics in the system acquisition life cycle and system engineering processes. Modules cover the logistics-relevant aspects of requirements identification, life cycle costing, integrated product and process development, sustainment logistics, supportability analysis, product support, contracting, and contractor support.

Objectives: Students who successfully complete this course will be able to:

- understand how today's defense systems and equipment are conceived, developed, tested, acquired, and operated;
- understand the role of the commercial sector;
- comprehend the philosophy and objectives of logistics support and attendant management functions; and
- understand logistics-related disciplines and the policies, procedures, and management techniques used to establish a logistics support capability.

Who Should Attend: Individuals recently assigned responsibility to plan, establish, and maintain the logistics support infrastructure for DoD systems and equipment in each phase of the acquisition life cycle should attend.

Prerequisite: ACQ 101

Recommended: Students who take this course should have at least 6 to 12 months of experience in an acquisition organization.

Length: This is a nonresident, self-paced course available through the Internet. Students must pass the final examination within 60 calendar days of the start date.

Method of Delivery: Distance Learning—See “Online Courses” on page 12

PDS Code: JR1
